BIG LOANS TO P. S. TRAINER

Subject of Searching Inquiry by Prosecutor Kellogg—John D. Archbold Declared He Knew of No Reason for the Loans—Witness Says Rebates Paid by Railroads in the Early Days Were a Matter of Bargaining.

New York, Dec. 4.—Efforts on the part of the federal counsel to obtain information regarding the loans aggregating \$22,000,000 to P. S. Trainer by the Southern Pipe Line company, a Standard subsidiary, came to nothing in the cross-examination of John D. Archbold in the government suit to dissolve the so-called trust. For over a year Frank B. Kellogg, government inquisitor, has pursued every trail to find out the purpose of these large loans, but he now appears to be no nearer the solution of the mystery than when he first propounded the question of these borrowings.

Mr. Archbold said that he knew of no reason for the loans which, he said, might have represented the adjustments between refining companies which Mr. Trainer supplied with oil. Mr. Trainer, who is connected with the Standard's pipe line system, had previously testified that he did not know of the loans and never received the money.

With the exception of a few questions, he was asked about

tain exhibits which will be placed in evidence later, the cross-examination of Mr. Archbold was concluded, and an adjournment was taken until next Monday.

H. M. Tilford, president of the Standard Oil Company of California, and J. Moffet, president of the Standard Oil Company of Indiana, will likely follow Mr. Archbold on the stand, after whom William Rockefeller will be called.

Much of Mr. Archbold's cross-examination had to do with rebates paid by the railroads in the early days. Mr. Archbold took the position that the rebates at that time were a matter of bargaining in which each shipper strove to obtain the best terms.

Some amusement was created when Mr. Archbold declared that when one obtained a rate from a railroad man he was not always sure but that on his way home the railroad man would give some other shipper a lower rate.

The government counsel interrogated the witness regarding testimony given in a Pennsylvania oil suit in which A. J. Cassatt, then vice president of the Pennsylvania railroad, testified that the Standard received larger rebates from the Pennsylvania than any other shipper. Mr. Archbold said he had no recollection of Mr. Cassatt's testimony. The vice president of the Standard declared that his company was in no way favored by oil tariffs of the United States.

CONVICTED OF CONSPIRACY

Railroad and Coal Company Agent Found Guilty.

Salt Lake City, Dec. 4.—"Guilty" was the verdict of the jury in the United States district court before which the Union Pacific railway, the Union Pacific Coal company, the Oregon Short Line, Everett Buckingham and J. M. Moore have been tried for conspiring in restraint of interstate commerce and thereby violating the laws of the United States.

The defendants were indicted two years ago after it had been showed to the satisfaction of the grand jury that Mr. Moore, the sales agent of the coal company, with the assistance of Mr. Buckingham, then traffic manager of the Short Line, had cut off the supply of Wyoming coal going to David J. Sharp, a Salt Lake fuel dealer, because Sharp advertised coal below the prevailing price. This action, it was alleged, drove Sharp out of business.

The trial has been in progress for three days. Mr. Moore attempted to assume all responsibility for the measures taken against Sharp. He said that a low rate had been granted so that dealers would be induced to store large quantities of coal during the summer and that Sharp's conduct tended to defeat the purpose of the reduced rate. Various railway officials also testified that Moore alone was responsible for the discrimination against the Salt Lake coal man.

After four hours' deliberation the jury reported its findings and recommended Mr. Buckingham to the mercy of the court. The maximum penalty is a fine of \$5,000 and a year in jail.

Sentence was postponed pending the result of an appeal to the United States circuit court of appeals.

MESSAGE FROM ROOSEVELT

Will Be Read to Congress Next Tuesday.

Washington, Dec. 4.—The president's message to congress will be read to the second session of the Sixtieth congress on Tuesday next instead of Monday, the opening day of congress, according to the plan just announced. The senate will adjourn on Monday out of respect to the memory of Senator Allison immediately after appointing a committee to wait upon the president, and after any new members are sworn in.

Speaker Cannon said that the house also would adjourn after new members are sworn in and a committee appointed to notify the president that the house is in session. Tuesday probably will be devoted solely to the reading of President Roosevelt's message.

Woman Dies of Her Injuries.

New York, Dec. 4.—Mrs. Martha S. Dudley of Topeka, Kan., who was knocked down by an automobile while crossing Broadway Wednesday evening, died of her injuries at Roosevelt hospital. Mrs. Dudley was the widow of a Topeka banker and prominent socially in that city. She was sixty years old.

Negroes Probably Lynched.

Ocheesa, Fla., Dec. 4.—Under the pretext of buying goods, two negroes lured L. W. Grace to his store at night and killed him. His body was later found in the river. The negroes disappeared but were pursued and it is believed that they have been lynched.

TWELVE KILLED DURING RIOTING

Mob Subdued by Armed Force at Port au Prince.

SITUATION BECAME SERIOUS

Committee of Public Safety Composed of the Most Prominent Military Leaders Was Organized—Ministers of Foreign Nations Threaten to Land Troops Should Disorders Be Renewed—Deposed President Now on French Warship.

Port au Prince, Dec. 4.—For many hours during the night following the flight of Nord Alexis, riot and pillage prevailed in Port au Prince. The populace, maddened by the spirit of revolt, turned from the skiff that carried their deposed president to the French training ship Duguay Trouin, and gave full vent to their passions. They looted stores and residences and fought among themselves over the booty and were only held in check by an armed force hastily gathered together by General Poidevin, which fired a volley into the mob and drove the rioters from street to street and finally into seclusion.

In all twelve persons were killed and many wounded before order was restored.

So serious did the situation become that a committee of public safety composed of the most prominent military leaders, was organized. Scores of citizens were placed under arms to assist the loyal troops in patrolling the city and comparative tranquillity now reigns. The American, French and German ministers decided that they could trust to the arrangements made by the committee to maintain order, but they jointly gave notice that if disorders commenced again they would land forces from the warships. Those already here were reinforced at daybreak by the United States gunboat Eagle and the British cruiser Seylla.

Nord Alexis, who spent a restless night on board the Duguay Trouin, has been the object of much consideration on the part of the commander of the ship and the other officers.

Commands Admiration.

There is something in the wonderful virility of the fallen president that holds the admiration. Past ninety years—how many years beyond that mark nobody knows—Nord Alexis faced his foes with the strength and determination of a man in the very prime of life. Not until he saw his people, those that he had fought for and ruled, in front of the palace crying for his life, did he realize that they had turned against him. Only then did he accept the protection of the French flag. Today he said:

"The courageous conduct of M. Carteron (the French minister) saved my life."

When seen aboard the warship, Nord Alexis had lost the vigor of former days and appeared feeble in body, though his mind was active and clear.

Never at any time as president had he been a communicative man and the events of the past twenty-four hours seemed to rest heavily upon him. The one satisfaction that he felt, he said, was in the loyalty of his bodyguard, who had remained faithful to him until the last.

He spoke with deep gratitude of what the French minister, M. Carteron, had done and several times during the interview alluded to the fact that it was due to the efforts of the minister that he was enabled to leave the palace in safety and gain the refuge of the warship. Of General Camille Gabriel, his nephew, who during the past few months had directed the policy of the government, and General Guillaume, the only other official of his staff who remained true to him, he spoke in terms of praise. Their loyalty consoled him for the cowardly desertion of all the other ministers. He particularly denounced the treachery of General Celestin Cyriaque, minister of war, who was the first commander he sent out to quell the insurrection and hold back General Antoine Simon.

The president was broken hearted over the attitude of his people in the capital, of whose hostility he declared he was entirely ignorant.

The English Salesman's Woes.

The English salesman at the glove counter of the department store was a model of industry, politeness, skill.

"You see," he said to a floorwalker. "It is such a pleasure, after the life of the London shops, to work in a republic, to work where you are treated like a man."

"In my London shop I was treated like a thief. The doormen, every time I went in or out, felt me all over with their hands. If they struck a big lump, such as two handkerchiefs, on me, their faces would lighten, and I'd have to bring the lump out for inspection. These doormen even had the right to make you strip. They used the right often if they disliked you, and in embarrassment you revealed to their cruel eyes your torn, cheap underwear, and so forth."

"If you bought a new suit, you were an object of suspicion, and the house detective shadowed you. If you took a girl to the theater or a music hall, you'd find a house detective at your elbow, and for a month afterward you'd be stripped and searched every day or so."

"All this, mind you, for about \$6 a week!"—Cincinnati Enquirer.

Guardians of the Wilderness.

The United States government maintains a curious little force of policemen who do not patrol posts in the cities or towns, but may well be called the guardians of the wilderness, for it is their business to look after vast forests where few human beings live. It may seem odd that it is necessary to have nature's police to go here and there in the forests and amid the mountains, but it is very necessary in order to protect one of the great resources of America. Some of these rangers of the wild have "beats" so extensive that one man may be the sole protector of a miniature empire, comprising 200,000 acres of primeval forest.—Wide World Magazine.

CITY OFFICERS
WERE RE-APPOINTED

City Council Re-Appointed Old Officers in Every Case Where Action was Taken

WATER & LIGHT BOARD NAMED

Mayor Crust Presented Appointments to Various Boards Which were Confirmed

When the city council was called to order for their first meeting under the new city charter Thursday evening the following members were present: Aldermen Johnson, Dieckhaus, Wise, Lyddon, Vaughn, Fogelstrom, Zakariasen, Halladay and President Twohey. The meeting was held in order that the necessary appointive officers under the new charter might be selected, and for the transaction of other business.

Alderman Johnson made a motion that the city council proceed to the election of a city clerk following which the council got into a discussion as to the provisions of the city charter as to matter of fixing the compensation of appointive officers.

Alderman Johnson's motion was then passed without a dissenting vote.

The application of H. J. Spencer for the office of city clerk was read.

Alderman Fogelstrom moved that the unanimous ballot of the council be cast for Mr. Spencer but City Attorney Ryan declared the motion contrary to law. A formal ballot was then taken and H. J. Spencer received seven votes out of the nine and was declared duly elected.

An application was read from M. E. Ryan for the position of city attorney.

A motion was made and seconded that the council proceed to the election of city attorney. It duly received a second and was carried.

A formal ballot was taken for the office of city attorney. M. E. Ryan received six votes and W. W. Bane received three votes. Mr. Ryan was declared duly elected.

On motion the election of a city engineer was postponed until some future time.

The application of Winifred Smith for the position of city weighmaster was read and on motion a formal ballot was taken. Winifred Smith received nine votes and was declared duly elected.

The application of H. McGinn for the position of fire chief was read and on motion a formal ballot was taken for that office. Mr. McGinn received every vote cast and was declared duly elected.

It was moved by C. D. Johnson that the election of building inspector and street commissioner be postponed until some future time. Carried.

On motion the election of poundmaster was deferred and the services of the present poundmaster were ordered dispensed with.

Mayor Crust presented the following appointments to the council for confirmation:

On motion of Alderman Johnson seconded by Alderman Fogelstrom the ap-

pointments were confirmed without a dissenting vote.

A resolution was presented to fix the meetings of the city council at 8 p. m. on the first and third Mondays of each month, and it was duly adopted all voting aye.

The appointments of committees, as published some time ago was announced by President Twohey.

President Twohey suggested that before the question of fixing the salaries be acted upon the city council should discuss the matter of their duties as shown by the new charter. The council then went into executive session on the matter under consideration.

After resuming open session a resolution was presented fixing salaries as follows, per month:

City clerk, \$60; clerk of municipal court, \$25; city attorney, \$55, chairman board of health, \$20; fire chief, \$20. The resolution was passed all members voting aye.

The council, upon the suggestion of Mayor Crust, took up the matter of sinking fund commissioners. There was an extended discussion of the matter which was finally left in the hands of the city attorney to draw up an ordinance for presentation to the next city council.

Alderman Halladay called the attention of the city council to the action of the council at the last meeting ordering the depositing the funds of the city exclusively in the First National Bank, and made a motion to reconsider the action taken at that meeting.

The ayes and nays were called for on the motion to reconsider resulting as follows: Ayes Aldermen Dieckhaus, Fogelstrom, Halladay, President Twohey; nays, Johnson, Wise, Lyddon, Vaughn and Zakariasen. The motion was declared lost.

The Y. M. C. A. presented a request for a compromise of the debt of \$150 of that organization to the city for lights. City attorney Ryan stated that while he was willing to go down into his pocket and help pay the bill he could not as an official sanction or permit the abatement. A motion had been made by Alderman Johnson that the matter be referred to the water and light board which he insisted be put. A roll call was demanded by Alderman Fogelstrom. Roll call resulted as follows: Ayes, Johnson, Fogelstrom and Zakariasen; nays, Dieckhaus, Wise, Lyddon, Vaughn, Halladay, Twohey.

There was some discussion of the matters of new sewers and paving in the various wards but there was no action taken. Alderman Fogelstrom reported that the connection between the catch basin and sewer at the corner of Sixth and Front streets was plugged and should be fixed. On motion of Alderman Johnson the sewer committee was instructed to have same repaired.

On motion the council adjourned.

MYSTERIOUS
DISAPPEARANCE

Ed. Romberg, Deliveryman for Brockway & Parker, Disappeared Thursday Night

LEFT HOME FOR DOWN TOWN

Broke Appointment With Another Clerk, But Was Seen Later In Same Evening

Has a wave of mysterious disappearances struck Brainerd? It would seem that way. Right in the wake of the disappearance of John C. Hessel comes that of Ed. Romberg, deliveryman for Brockway & Parker. Ed, who is well known around town, left the residence of Mr. Brockway, where he boarded, at 7:30 o'clock. He had an appointment to meet Louis Hanson, at the Globe bowling alley at 8 o'clock, but never showed up there. He was in the office of the National hotel between 10 and 11 o'clock, but nothing further has been learned of his whereabouts.

Miss Johnson, who has charge office at the National, states that he had some time before been talking of leaving for North Dakota, where his father resides. If such was his intention, however, he had made no mention of it to his employers. He had received a check for his month's pay that day and had only one day's wages due him, although he left clothing worth at least \$25 at his boarding place.

He was not missed, of course, until this morning, when Mrs. Brockway found that his bed had not been occupied. The firm made careful inquiries, but could learn nothing more, except that he had been in the National hotel, as mentioned above.

OHIO POLITICAL SITUATION

Canvassed by President-Elect Taft and Arthur I. Vorys.

Hot Springs, Va., Dec. 4.—A thorough canvass of the Ohio political situation was made by President-elect Taft and Arthur I. Vorys, who stopped here on his way to Cincinnati from Washington.

Mr. Taft is taking no part in the senatorial situation. He was told by his former chief of staff that Charles P. Taft's control of the situation was at this time most satisfactory. Mr. Vorys will take an active part in the senatorial campaign in behalf of the Cincinnati capitalist.

Senator Foraker and Representative Burton are also candidates.

That the American-Japanese pact will have full weight and effect during the administration of President-elect Taft was indicated by him in the strongest terms. Not only did Judge Taft specifically endorse the understanding in question, but added that he heartily favored every means of maintaining friendly and cordial relations between this country and the Orient, and that this had always been his position.

Cough Caution

Never, positively never poison your lungs. If you cough—even from a simple cold only—you should always heal, soothe, and ease the irritated bronchial tubes. Don't blindly suppress it with a stupefying poison. It's strange how some things finally come about. For twenty years Dr. Shoop has constantly warned people not to take cough mixtures or prescriptions containing Opium, Chloroform, or similar poisons. And now—a little late though—Congress says "Put it on the label. If poisons are in your Cough Mixture." Good! Very good! Hereafter for this very reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance then, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and note the difference. No poison marks there! You can always be on the safe side by demanding

Alderman Johnson made a motion that the city council proceed to the election of a city clerk following which the council got into a discussion as to the provisions of the city charter as to matter of fixing the compensation of appointive officers.

Alderman Johnson's motion was then passed without a dissenting vote. The application of H. J. Spencer for the office of city clerk was read.

OHIO POLITICAL SITUATION

Canvassed by President-Elect Taft and Arthur I. Vorys.

Hot Springs, Va., Dec. 4.—A thorough canvass of the Ohio political situation was made by President-elect Taft and Arthur I. Vorys, who stopped here on his way to Cincinnati from Washington.

Mr. Taft is taking no part in the senatorial situation. He was told by his former chief of staff that Charles P. Taft's control of the situation was at this time most satisfactory. Mr. Vorys will take an active part in the senatorial campaign in behalf of the Cincinnati capitalist.

Senator Foraker and Representative Burton are also candidates.

That the American-Japanese pact will have full weight and effect during the administration of President-elect Taft was indicated by him in the strongest terms. Not only did Judge Taft specifically endorse the understanding in question, but added that he heartily favored every means of maintaining friendly and cordial relations between this country and the Orient, and that this had always been his position.

Cough Caution

Never, positively never poison your lungs. If you cough—even from a simple cold only—you should always heal, soothe, and ease the irritated bronchial tubes. Don't blindly suppress it with a stupefying poison. It's strange how some things finally come about. For twenty years Dr. Shoop has constantly warned people not to take cough mixtures or prescriptions containing Opium, Chloroform, or similar poisons. And now—a little late though—Congress says "Put it on the label. If poisons are in your Cough Mixture, Good! Very good!! Hereafter for this very reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on the label. And it's not only safe, but is said to be by those that know it best, a truly remarkable cough remedy. Take no chance then, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and note the difference. No poison marks there! You can always be on the safe side by demanding

People Will Talk You Know

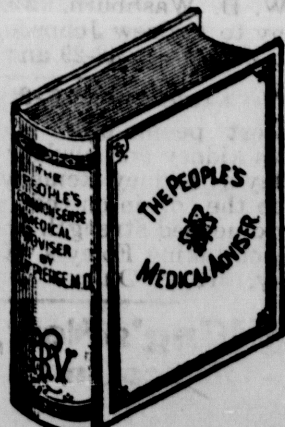

And that's the reason why Dr. Pierce's Family Medicines are advertised so little now-a-days. They have made hundreds of thousands of cures in the past 40 years, and some of the grateful people whom they have restored to health are to be found almost everywhere. There's scarcely a hamlet that don't contain some. Look them up. Interview them. They are living, walking, active advertisements

For Dr. Pierce's Family Medicines.

You can believe your neighbors. Therefore ask them. What cured them will very likely cure you, if similarly afflicted—only give them a good, fair trial.

It's a good, sound, common sense policy to use medicines only of KNOWN COMPOSITION, and which contain neither alcohol nor habit-forming drugs. The most intelligent people, and many of the most successful, conscientious physicians, follow this judicious course of action. The leading medical authorities, of all schools of medicine, endorse the ingredients composing Dr. Pierce's medicines. These are plainly printed on wrappers and attested under oath. There's no secrecy; an open publicity, square-deal policy is followed by the makers.

We have a profound desire to avoid all offense to the most delicate sensitiveness of modest women, for whom we entertain the most sincere respect and admiration. We shall not, therefore, particularize here concerning the symptoms and peculiar ailments incident to the sex for which Dr. Pierce's Favorite Prescription has for more than 40 years proven such a boon. We cannot, however, do a better service to the afflicted of the gentler sex than to refer them to Dr. Pierce's Common Sense Medical Adviser, a great family doctor book of 1000 pages, bound in cloth and given away gratis, or sent, post-paid, on receipt of 31 one-cent stamps—to cover cost of mailing only, or 21 cents for paper covered book. All the delicate ailments and matters about which every woman, whether young or old, single or married, should know, but which their sense of delicacy makes them hesitate to ask even the family physician about, are made plain in this great book. RIVER REACHES FLOOD STAGE

Threatens Another Portion of Pine Bluff, Ark.

GOVERNMENT DYKE BROKEN

Unable to Withstand Continued Pressure of Water Hurling Against It Through the Diverting of the Current of the Arkansas River—Entire Block of Business Houses in the New Danger Zone Abandoned.

Pine Bluff, Ark., Dec. 4.—As the north bank of the Arkansas river, opposite Pine Bluff, which was dynamited Wednesday night and Thursday morning, continues to cave, deflecting the current of the swollen river further south and away from the most impaired portion of the levee, which borders the business section of this city, the situation here continues to improve, and the danger of a serious overflow and the engulfing of many valuable buildings, as was anticipated, is fast decreasing.

The river has reached the flood stage of twenty-five feet. During the day no further caving occurred here. The two most endangered buildings, the Jefferson county courthouse and the Jefferson hotel, which stand almost on the brink of the stream, are now believed to be safe. It is probable that additional dynamiting may be attempted and, if successful, within a few hours the main current of the river will have left Pine Bluff entirely.

Unable to withstand the continued pressure of the water hurled against it through the diverting of the current of the river, the result of the dynamiting operations, the government dyke at the foot of Alabama street, several blocks south of the former danger zone, was washed away for a distance of 200 yards and the steep bank at this point, with the entire force of the swollen river striking against it, is fast crumbling into the river.

An entire block of business houses has been abandoned and smaller buildings are being rolled away. Several buildings, already overhanging the brink of the stream, will doubtless soon collapse.

The dynamiters have resumed their work of blowing away the north bank, opposite Pine Bluff, in an effort to further divert the current and relieve the present endangered section of the city.

POISON SENT IN A LETTER

Believed to Have Caused Death of a San Francisco Man.

San Francisco, Dec. 4.—Poison conveyed in a letter mailed in this city is believed to have caused the death of Henry Boas, a salesman for an electric company, who was discovered in a dying condition in his apartments here and who expired a few moments later without regaining consciousness.

A communication purporting to be from a physician, but which displayed ignorance of the primary principles of medicine, was sent to Boas by special delivery, and the evidence in possession of the police indicates that the letter, penned by a woman, contained two powders, which the recipient was urged to take as a remedy for indigestion, but which were in fact of a poisonous character.

Cincinnati, Dec. 4.—The bodies of three homeless wanderers, whom the police have identified as David Reed, white, of Pittsburg; Will Smith, colored, Roanoke, Va., and John Lewis, colored, Chattanooga, were found in a saw mill hopper at the foot of Ludlow street.

The men had crawled into the small enclosure seeking shelter from the cold. They prepared a scanty meal of bread and potatoes on a charcoal fire, then fell asleep. They were asphyxiated by charcoal fumes.

How to Reduce Fat

The Simplest and Surest Way to get Rid of Fats Without Drugs

How to Prove it to Yourself Free.

There has become known a remedy for fat, the use of which has already resulted in enormous benefit, and most probably in the saving of many lives.

This remedy is commonly called Rengo. The rate at which this remedy will reduce fat, and do it harmlessly and surely, is truly remarkable. A pound a day is ordinarily the loss recorded, being done by compelling perfect assimilation of the food and sending the nutriment where it belongs.

The most remarkable feature of Rengo is that you can take all you want of it without running the slightest risk of harm. It can be chewed like candy and is pleasant to the taste.

Many physicians, who before were at a loss to know how to cure obesity, are now prescribing Rengo with remarkable success. It is a great nerve-strength producer, affecting digestion primarily and inducing a general exhilaration of mind and body. Wrinkles, which appear in nearly every case of reduction of fat where injurious drugs and starvation process is tried, does not occur where Rengo is used.

There is nothing "just as good" as Rengo. For sale by all druggists at \$1.00 per full sized box, or by mail prepaid, by the Rengo Co., 3151 Rengo Bldg., Detroit, Mich. The company will gladly send you a trial package free by mail if you write them direct to Detroit; no free packages at drug stores.

Rengo is for sale and recommended in Brainerd by H. P. Dunn—Druggist.

Vienna, Dec. 4.—The public is im-

warlike rumors are being spread
broadcast. It was thought that at the

and General Schoenach, minister of

You can depend on Dr. A. W. Chase's Kid-

They effect prompt and thorough movement
of the bowels and as they do not lose their
effect the dose does not have to be increased.
By their enlivening action on the liver they
positively cure biliousness and constipation.

Mr. PHILIP BUCKLE, Cyprien, Kansas,
writes:—"For sixteen years I had to use medi-

Kidney and Liver Pills excellent. With other
pills I had to continually increase the
dose but I only take one-half pill twice a

Pine Bluff, Ark., Dec. 4.—As the

Wednesday night and Thursday
morning, continues to cave, deflecting
the current of the swollen river fur-
ther south and away from the most
impaired portion of the levee, which
borders the business section of this
city, the situation here continues to
improve, and the danger of a serious
overflow and the engulfing of many
valuable buildings, as was anticipated,
is fast decreasing.

The river has reached the flood
stage of twenty-five feet. During the

The two most endangered buildings,
the Jefferson county courthouse and

most on the brink of the stream, are
now believed to be safe. It is prob-
able that additional dynamiting may
be attempted and, if successful,
within a few hours the main current
of the river will have left Pine Bluff

police have identified as David Reed,
white, of Pittsburg; Will Smith, col-
ored, Roanoke, Va., and John Lewis,
colored, Chattanooga, were found in
a saw mill hopper at the foot of Lud-
low street.

The men had crawled into the small
enclosure seeking shelter from the
cold. They prepared a scanty meal
of bread and potatoes on a charcoal
fire, then fell asleep. They were as-
phyxiated by charcoal fumes.

How to Reduce Fat

The Simplest and Surest Way to get Rid of Fats Without Drugs

How to Prove it to Yourself Free.

There has become known a remedy for fat, the
use of which has already resulted in enormous
benefit, and most probably in the saving of many
lives.

This remedy is commonly called Rengo. The
rate at which this remedy will reduce fat, and do
it harmlessly and surely, is truly remarkable. A
pound a day is ordinarily the loss recorded, being
done by compelling perfect assimilation of the
food and sending the nutriment where it belongs.

The most remarkable feature of Rengo is that
you can take all you want of it without running
the slightest risk of harm. It can be chewed like
candy and is pleasant to the taste.

Many physicians, who before were at a loss to
know how to cure obesity, are now prescribing
Rengo with remarkable success. It is a great
nerve-strength producer, affecting digestion pri-
marily and inducing a general exhilaration of mind
and body. Wrinkles, which appear in nearly
every case of reduction of fat, where injurious
drugs and starvation process is tried, does not
occur where Rengo is used.

There is nothing "just as good" as Rengo. For
sale by all druggists at \$1.00 per full sized box, or
by mail prepaid by the Rengo Co., 3181 Rengo
Bldg., Detroit, Mich. The company will gladly
send you a trial package free by mail if you write
them direct to Detroit; no free packages at drug
stores.

Rengo is for sale and recommended in Brainerd
by H. P. Dunn—Druggist.

PAY TRIBUTE TO CLEVELAND

Life Insurance Presidents Will Honor His Memory.

New York, Dec. 4.—The first day's
proceedings of the second annual
meeting of the Association of Life In-
surance Presidents, to be held here
today and tomorrow, will be devoted
to the memory of the late Grover
Cleveland, who was the first chair-
man of the association. Today's tri-
bute to Mr. Cleveland will be the first
memorial exercise to be held for him.

The presidents and other executive
officers of life insurance companies
from all over the United States and
Canada and many insurance officials
and policyholders gathered here to
attend the exercises. Addresses will
be made by Paul Morton, president of
the Equitable Life Assurance society
and former secretary of the navy, and
Dr. John H. Finley, president of the
City college.

Letters of tribute will be read from
Adlai E. Stevenson, vice president in
Mr. Cleveland's second administration,
and from several surviving cabinet of-
ficers.

The remainder of the annual meet-
ing will be an insurance taxation re-
form conference, at which addresses
will be made by Robert L. Cox, gen-
eral counsel and manager of the asso-
ciation, who was a member of the
Armstrong insurance investigation
committee, and others.

People Will Talk You Know

And that's the reason why Dr. Pierce's Family Medicines are advertised so little now-a-days. They have made hundreds of thousands of cures in the past 40 years, and some of the grateful people whom they have restored to health are to be found almost everywhere. There's scarcely a hamlet that don't contain some. Look them up. Interview them. They are living, walking, active advertisements

For Dr. Pierce's Family Medicines.

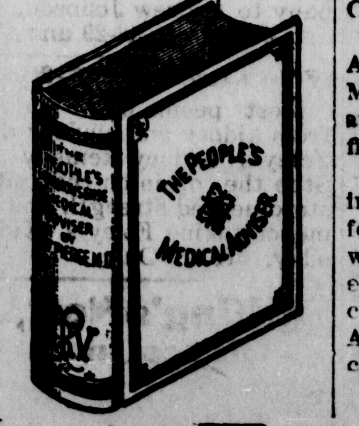

You can believe your neighbors. Therefore ask them. What cured them will very likely cure you, if similarly afflicted—only give them a good, fair trial.

It's a good, sound, common sense policy to use medicines only of KNOWN COMPOSITION, and which contain neither alcohol nor habit-forming drugs. The most intelligent people, and many of the most successful, conscientious physicians, follow this judicious course of action. The leading medical authorities, of all schools of medicine, endorse the ingredients composing Dr. Pierce's medicines. These are plainly printed on wrappers and attested under oath. There's no secrecy; an open publicity, square-deal policy is followed by the makers.

We have a profound desire to avoid all offense to the most delicate sensitiveness of modest women, for whom we entertain the most sincere respect and admiration. We shall not, therefore, particularize here concerning the symptoms and peculiar ailments incident to the sex for which Dr. Pierce's Favorite Prescription has for more than 40 years proven such a boon. We cannot, however, do a better service to the afflicted of the gentler sex than to refer them to Dr. Pierce's Common Sense Medical Adviser, a great family doctor book of 1000 pages, bound in cloth and given away gratis, or sent, post-paid, on receipt of 31 one-cent stamps—to cover cost of mailing only, or 21 cents for paper covered book. All the delicate ailments and matters about which every woman, whether young or old, single or married, should know, but which their sense of delicacy makes them hesitate to ask even the family physician about, are made plain in this great book. Write for it. Address: WORLD'S DISPENSARY MEDICAL ASSOCIATION, R. V. Pierce, M. D., Pres., 663 Main Street, Buffalo, N. Y.
